

A BLOODY MASSACRE

Thousands of Christians Have Been Slaughtered.

TWENTY-FIVE TOWNS DESTROYED

A Butchery That Will Send a Thrill of Horror Throughout the Entire Civilized World—The Bloody Affair Being Investigated by British Officials—Turkey Silent on the Subject.

LONDON, Nov. 17.—A dispatch to The Standard from Varna, Bulgaria, says that despite the Turkish government's silence facts have oozed out which leave no doubt that a massacre of Christians has occurred on as important scale as the butchery at Batak, Bulgaria, which sent a thrill of horror through the civilized world.

The trouble began with the refusal of the Armenians to pay tax on the plea, probably well founded, that the frequent Kurdish raids have impoverished them. A few troops that were sent to collect the taxes were beaten. In the meantime the governor of Bitlis, Asiatic Turkey, reported to the port that a serious revolt had broken out and obtained permission to send all obtainable troops to the scene. Marshal Zeki Pasha, commander of the Fourth army corps, stationed at Erzingen, was ordered to proceed thither and direct operations. Before this imposing array of regulars the Armenians quietly submitted.

Now comes the horrible part of the story. The governor of Bitlis resolved to make an example in order to prevent a repetition of the revolt. He ordered the troops to fire upon the defenseless people. The order was executed with alacrity. The soldiers only rested from their labors when 25 villages were destroyed, and thousands of their inhabitants killed.

Mr. Hallward, the British consul at Van, proceeded to the scene and then reported to the British ambassador at Constantinople, who protested to the porte. The sultan expressed horror at the crime, and ordered an immediate report from Marshal Zeki, which appears to have seriously involved the governor of Bitlis. The latter, in self-defense, and as a means of obtaining revenge, has formulated the grave charge against Mr. Hallward of having incited the Armenians to revolt. This matter is being investigated by British officials on the spot.

As the St. Petersburg dispatch to The Standard says that advices received there from Tiflis are to the effect that Turkey is avenging its defeats around Sassoun on the peasants of the Shatak district. Marshal Zeki, it is added, has raided 11 villages and sent 150 of their inhabitants of both sexes loaded with chains to prison at Mush. Mr. Hallward, the British consul at Van, has arrived to investigate, but the police prevented the peasantry having access to him.

MURDERED ON THE STREET.

Two Brothers Pick Out Their Men and Shoot Them Down.

LULA, Miss., Nov. 17.—There was a pitched battle in the main business street of Lula yesterday, as the result of which two men are dead. J. W. Boyd and his brother Boyd stood in a doorway until they saw J. W. O. Harman and A. H. Lawrence approaching on their way to dinner. Then the brothers, each armed with a shotgun, stepped forth and opened fire on the others. Harman had time to draw his pistol and fired twice at the Boyds, but without effect. Each of the brothers had his man picked out, and at the first volley both of the men fell.

The elder Boyd mounted a horse and rode away while the other escaped on foot. They sent word later that they would surrender to the sheriff, but no one else. The tragedy is the result of an old feud. There had been blood between the elder Boyd and Harman for several months, and Thursday Harman beat Boyd severely with a pistol. Harman was mayor of Lula. Lawrence was a jeweler, and J. W. Boyd is a plantation overseer.

GEORGIA TO FOLLOW TILLMAN.

A State Dispensary Law Advocated by Legislators.

ATLANTA, Nov. 17.—Upon the organization of the present legislature Speaker Fleming appointed on the temperance committee men who are known as determined enemies of the liquor traffic. They have resolved to report for adoption what is known as the Bush bill. This bill provides that it shall be a felony for any citizen of Georgia to engage in the sale of liquor. In place of the present method of selling it is provided that there shall be established in each county a state dispensary, supervised by a discreet man, who shall keep a record of all liquors sold. It is also provided that there shall be a state inspector, who shall test all liquors offered for sale. This officer will be clothed with the more despotic right to enter upon property for purposes of investigation.

NO CAUSE FOR ALARM.

Colonel Coit Not Worried About the Washington C. H. Affair.

COLUMBUS, O., Nov. 17.—No intimation as to the course of the Fayette county officials with regard to the probable arrest of Colonel Coit of the Fourteenth regiment had reached Columbus. There is strong opposition among the personal friends and business and military associates against permitting Colonel Coit to be taken to Washington C. H. without a military escort. If a warrant of arrest is issued a large number of prominent citizens will immediately call upon Governor McKinley and request that an escort be provided.

Governor McKinley, however, takes a more hopeful view of the situation. He does not believe the necessity for such action will arise, and inclines to the opinion that the coroner, having rendered his verdict, holding the colonel and sheriff responsible for the death of the rioters, the matter will be allowed to drop with the publication of this finding.

The governor will not decide upon a course of procedure until definite steps are taken by the authorities of Fayette county, and then he promises to act promptly, as he has declared that Colonel Coit shall be protected.

Colonel Coit is quietly awaiting the results, and is constantly surrounded by a number of his friends, who hope the governor's surmises as to dropping the case will be verified by subsequent events.

AT WASHINGTON C. H.

There Is No Excitement There and Colonel Coit Is in No Danger.

WASHINGTON C. H., Nov. 17.—The verdict of Coroner Edwards, finding Colonel Coit and Sheriff Cook responsible for the deaths of the riot victims, is creating little or no excitement here. Colonel Coit claims to have done his duty while here. Coroner Edwards claims to have done his duty in making his report, yet it would seem, from the Columbus telegrams, that the militia is about to be sent here to protect Colonel Coit from the imaginary violence of as peaceful a community as there is in Ohio. This city and community are and have been quiet ever since the militia left.

It never would have become excited but for the menace of the presence of soldiery. There is, and at all times has been, a more bitter feeling against Sheriff Cook than against Colonel Coit. The sheriff goes peacefully and safely about our town and county. Coit could do the same. No one wants to molest him. He needs no military escort. The board of trade of Columbus can ring off the exchange. The First regiment need not remain under arms. Colonel Coit will not be wanted here until after he is indicted.

The President's Coming Message.

WASHINGTON, Nov. 17.—President Cleveland's forthcoming message to congress will, it is said, be the longest he has ever written. Only two weeks remain in which to prepare it, and the intervening time will be devoted assiduously to the task. The work has not been begun yet, owing to the delay in receiving the annual reports of the cabinet officers. While preparing it the president will remain at Woodley and deny himself to callers except those officers he may summon from time to time for consultation.

Electricity on the Canal.

HAMILTON, O., Nov. 17.—Another boat line company was organized in this city and will be known as the Cincinnati, Dayton and Franklin Boat company. It will do a general transportation business between Cincinnati and Dayton. Electric motor or steam will be adopted as the motive power. H. P. Deuser was elected president, O. V. Parrish vice president, D. W. Charles secretary and treasurer, and David Menche general manager. Capital stock, \$25,000.

Killed by a Train.

COSHOCOTON, O., Nov. 17.—Daniel Fair, commissioner of Coshocton county, Newton Speckman, county auditor, and a 10-year-old son of the latter were attempting to drive over the Panhandle railroad crossing here yesterday evening when their buggy was struck by a train. They were hurled several feet, and Fair received injuries from which he died a few hours afterward. Speckman and his son were bruised but not fatally.

A Mob Organizing.

MASSILLON, O., Nov. 17.—Ed Morgan, one of the gang charged with having outraged a woman at Pike Run, and who was shot by Marshal Just, was buried yesterday. At the funeral Morgan's father and brother took an oath to kill Just, if either were killed in the attempt. A mob has been organized to lynch Just, but as yet no leader has been found to make the start.

An Indignant Faculty.

LEXINGTON, Ky., Nov. 17.—The faculty of the Kentucky university are indignant over a sensational dispatch in the Louisville Post saying 20 students are seriously ill from drinking impure water, and three deaths have occurred within the past week. There has been considerable typhoid fever in Lexington during the past month, and nine college students at different times have been ill, but there have been no deaths among them from fever.

Another Murderer Out of the Way.

LOUISVILLE, Nov. 17.—Allen Prime, the tinner, who attempted to kill his wife and mother-in-law and shot his sister-in-law, Miss Jennie Lehman, in the back, on Tuesday afternoon, died at the city hospital yesterday. Prime never regained consciousness. Miss Lehman is much improved and will soon be out.

JAMES McCOSH DEAD

One of the Leading Educators of the Land Gone.

AN EX-PRESIDENT OF PRINCETON.

His Physicians Attribute His Death to Heart Failure Induced by Old Age—He Suffered No Pain and Was Conscious Up to the Last Moment—Brief Biography of His Life.

PRINCETON, N. J., Nov. 17.—Dr. James McCosh, the venerable ex-president of Princeton university, and a leading educator of the age, departed this life at 10 o'clock last night. He had been conscious nearly all day and died in that condition. His son, Dr. Andrew J. McCosh; his daughters, Mrs. David Magie, and Mrs. Alexander Maitland, and his wife, Mrs. Isabella McCosh, were at his deathbed. He has suffered no physical pain, and aside from weakness, brought on by old age, has been in perfect health. His physicians attribute his death to heart failure induced by old age.

DR. JAMES McCOSH.

James McCosh was born April 1, 1811, in Ayrshire, Scotland. His earliest life was spent on his father's Ayrshire farm. He was educated at the Universities of Glasgow and Edinburgh. In 1835 he was ordained a minister of the Church of Scotland. In 1843 he took an active part as a supporter of Dr. Thomas Chalmers in the disruption of the Church of Scotland, and in establishing the Free Church of Scotland, being one of those who lost their livings by this movement.

During his residence in Brechin he married Miss Isabella Guthrie, a niece of the celebrated Edinburgh clergyman, Dr. Thomas Guthrie. During this pastorage he issued his first book, "The Method of the Divine Government, Physical and Moral" (Edinburgh, 1850). This work laid the foundation for his philosophical reputation. The following year he was called to take the professorship of logic and metaphysics in Queen's college in Belfast, and remained there in this capacity until his removal to Princeton.

In 1866 he was called to be president of Princeton college, and entered upon his new duties in October of that year. Important as his labors in the Old World had been, his work in Princeton was to be more important. The college had suffered severely during the civil war, and was in a low condition. With characteristic energy Dr. McCosh at once set about securing additional endowments, and organizing the college with a view to large developments.

Generous friends were at hand and money was freely furnished. New buildings were erected, old ones altered, the campus beautified, the strongest professors he could find were called to the chairs established, the course of study was overhauled, elective studies were introduced, fellowships were founded, the discipline of the institution was put on a higher plane, and in general every part of the college was strengthened and enlarged. But the intellectual and moral part of the work was greater than the material.

Unsparring himself and strict in requiring faithful performance of duty by others, he made the whole college move as one man. He was not only an administrator but a great teacher. An assiduous literary worker, writing his philosophy in a most attractive style, he poured forth paper after paper and book after book. Passages in his "Psychology" and "Divine Government" are classic in the excellence of their expression.

Dr. McCosh resigned the presidency in 1888. Since then he has lived in the privacy of home in Princeton. His last public appearance of note was at the congress of higher education at Chicago in 1893. He was the most venerable and impressive figure of that gathering.

During the past summer his strength began to fail fast, and on his return to Princeton this fall it was evident he had not long to live.

An Old Newspaper Man Dead.

EATON, O., Nov. 17.—William B. Tizzard, a prominent citizen of this place, who has been connected with the Eaton Register for the past 40 years, was stricken with neuralgia of the stomach and bowels Wednesday and died at his home yesterday, aged 81.

He Gets Three Years.

MILLERSBURG, O., Nov. 17.—Austin Metcalf, indicted for attempt to criminally assault Miss Heffelfinger near Loudonville, was tried before a jury and found guilty. Judge Nichols sentenced him Friday to three years in the penitentiary.

Jettisoned Coal.

MILWAUKEE, Nov. 17.—The steamer Walter H. Oades and consort San Diego, coal laden for Chicago, are ashore at St. Francis, just south of this city. Tugs are now engaged on the wrecks. Their coal cargoes are being jettisoned.

DUN'S REVIEW OF TRADE.

Gradual Improvement Appears in All Branches of Business.

NEW YORK, Nov. 17.—R. G. Dun & Company's weekly review of trade says: In nearly all branches of business gradual improvement appears, and the hopeful feeling observed last week continues. It will take time to lift business of its depression and the progress made, if less than the sanguine expected, is at least encouraging.

The decision to offer \$50,000,000 bonds for replenishment of treasury reserve was, by bankers, generally approved. It is generally assumed that the bonds will be taken at once. The effect is less easy to anticipate, for the formal announcement that after a general reconstruction of revenue laws it is still found necessary to borrow tends to raise doubt about financial provisions for the future. The reported importation of gold from London, with a loss on its face of \$7,500 at the present exchange rates, is presumably meant to affect bond subscriptions. There have already been some withdrawals of gold from the treasury by redemption of notes to make payments for bonds, and goods rather than gold are likely to come from Europe.

Resumption of work and increase of working time have been more conspicuous in the cotton industry than in others, but no increased demand for goods appears.

For finished products of iron the demand is, on the whole, narrower.

At the west there was a little improvement. Manufacturers of woollens have good orders for this time of the year, many still running mainly on such goods, but there is a general failure of supplemental orders for spring goods. Sales of wool are again smaller than last year.

Speculative markets have been stimulated in part by the call for bonds and wheat has advanced 1 1/2 cents, corn 1 1/2 cents and cotton a sixteenth. Western wheat receipts in two weeks of November have been 7,871,671 bushels, against 12,166,830 last year, but Atlantic exports in two weeks have been only 1,029,355 bushels, against 1,770,643 last year. In October over half the exports were from the Pacific coast at less than 50 cents, so that the average for all exports was only 50.8 cents against 68.5 last year.

Corn receipts have been less than half of last year's, with exports insignificant.

The cotton movement continues large, but sales were made at only 5.56 cents for two days here, and at such price profits are poor.

The failures of the past week have been 270 in the United States, against 232 last year, and 38 in Canada, against 36 last year.

Killed His Landlady and Himself.

CHICAGO, Nov. 17.—J. J. Higgins, an electrician, shot and killed Mrs. Kate McLaughlin, his landlady, and afterward shot himself through the head, dying almost instantly. Higgins had roomed at Mrs. McLaughlin's house for some time, and, falling behind in his rent, had been threatened with ejection. Last night he called the woman into a bedroom, and after a hard struggle, threw her to the floor and fired several shots into her body. After killing the woman, Higgins left the house, but returned and was standing on the sidewalk in front of the place when he heard the patrol wagon coming, and, rather than be arrested, he sent a bullet through his head.

Treasury Statement.

WASHINGTON, Nov. 17.—The cash balance in the treasury yesterday was \$102,695,272; gold reserve, \$61,784,492. The withdrawals of gold from the sub-treasury in New York yesterday in exchange for legal tenders amounted to \$975,000. That the gold was not withdrawn for export is shown by the fact that at yesterday's figures sterling exchange can be had at a figure below the cost of shipping the coin. It is assumed therefore that the gold will be used in the purchase of bonds. Mail reports received yesterday show other withdrawals aggregating \$122,061, making a total for the day of \$1,097,061.

Death of Francis A. Teall.

NEW YORK, Nov. 17.—Francis A. Teall died yesterday in Bloomfield, N. J., in his 73d year. He came to this city in 1841, and worked at the printing case with Walt Whitman and soon became a proofreader. He read the original proofs of Poe's "Raven" and "The Bells." For some time he was on the editorial staff of The American Whig Review, and he acted as proofreader, contributor and associate editor of the "American Cyclopaedia." He was one of the principal editors of the Century dictionary, having charge of the work at the start.

Forest Fires in Kentucky.

HOPKINSVILLE, Ky., Nov. 17.—The forests around Northville, a station east of this city, caught fire yesterday morning. A large force of men are at work fighting the flames and trying to suppress them, but as fast as they are extinguished in one place they break out in another. The large tracts of timber in the northern portion of this county are reported on fire also, and there is but little water convenient for use. The losses in fencing and barns will be immense. The fire originated from children playing with matches in the dry leaves.

Dead Body Found.

FOSTORIA, O., Nov. 17.—The half burned body of a man, supposed to be a tramp, was found near Bloomdale, by three tramps yesterday. A scrap of paper near the body contained the name S. W. Hoké. The man was medium size, and about 35 years old. It is reported that the dead man lived near Fort Seneca.

TEMPERANCE WORK.

The National W. C. T. U. Convention at Cleveland.

THE FIRST DAY'S PROCEEDINGS.

The Opening Exercises Consisted of a Notable Address by the President of the Union, Miss Frances E. Willard, and the Reports of the Other Officers—Growth of the Order.

CLEVELAND, Nov. 17.—Representative women from every state and territory in the Union, as well as from Canada, filled the spacious Music Hall yesterday upon the opening of the twenty-first annual convention of the National Woman's Christian Temperance union. The hall was elaborately decorated with the national colors and appropriate mottoes, conspicuous among which, enveloped in somber crepe, was a portrait of Mrs. Mary A. Woodbridge, the national corresponding secretary, who died somewhat suddenly in Chicago a few weeks since.

When Miss Frances E. Willard appeared upon the platform of Music Hall and called the assemblage to order, the delegates rose to their feet and applauded for several minutes. After this, they gave the Chautauqua salute three times over. It was the first appearance of the noted temperance leader since her serious illness in England, and which at one time threatened to result fatally, and she was profoundly affected by the warmth of the greeting.

After the enthusiasm had subsided, the convention was opened with the reading of the Crusade psalm responsively led by the venerable Mother Stewart, Miss Willard and Mrs. Eliza J. Thompson. Then the audience joined in singing the Crusade hymn "Rock of Ages," and, after prayer by the Rev. Frances E. Townley, and the rollcall of delegates, and the appointment of committees, Miss Willard delivered her annual address.

Miss Willard congratulated the immense audience upon the fact that the organization had reached its 21st birthday, and had lived out its eager youth, so that it stood on the threshold of mature womanhood. At the convention in Cleveland 20 years ago but half a dozen state unions were represented. Today there are more than 50, and the single national union has extended to 49 nations and provinces. The speaker then proceeded with an elaborate review of the progress of the temperance, labor, woman's and purity movements in the country in the last two decades.

Miss Willard concluded an address of nearly two hours' duration with a resume of the present condition of the organization. She said that it had made a better showing in its aggregate membership and in the gifts received this year than the last, a remarkable token of the vitality of the movement in a period of unequalled financial depression. "God speed," she said, "the future of the movement."

The annual report of Mrs. Helen M. Barker, treasurer, showed receipts: Dues, \$14,704.99; other contributions, \$11,314.26; total, \$26,019.25. Disbursements, \$20,838.07. Balance in treasury, \$5,681.18. There are no outstanding bills. The receipts of the year were in excess of several previous years, and dues showed an increase in paid-up membership over last year. This was most encouraging, in view of the financial stress of the year. Beside the receipts shown by the treasurer's books, assets to the amount of \$6,800 had been donated in interest bearing notes and stocks, but as they had not been converted into cash, had not entered into account.

The report of the corresponding secretary stated that while nearly all churches and missionary and charitable societies mourn a deficit in finance and the consequent crippling of their work, the Woman's Christian Temperance union comes to its annual meeting with increased membership. Every bill is paid and there is a more comforting balance in the treasury than any previous year has shown. The work in each state is detailed. The results in Kentucky are summed up in just five words: "Kentucky has defeated Colonel Breckinridge."

The report concludes as follows: "We have now a following of between 400,000 and 500,000. Including the active paidup membership of the W's and Y's, the honorary member and the Loyal Temperance legion, which is the nursery of our organization."

At the afternoon session the convention discussed the relations of health and heredity and sanitary and economic cookery to the battle against intemperance, and reports were made from each of the departments of the educational group concerning the growth of total abstinence habits and sentiments.

At the welcoming meeting last night, Mayor Blee spoke for the city, and among the speakers were Mrs. Mary T. Burt of New York, Mrs. Emma A. Cramer of South Dakota, Mrs. Frances E. Beauchamp of Kentucky, Mrs. Kate Stevenson of Massachusetts and Mrs. H. C. McCabe of Ohio.

Found Her Body in a Grove.

CANTON, O., Nov. 17.—Rosa Rick-seker, aged 30, wife of Charles, and mother of three children, suicided in a grove near this city Friday with landanum and carbolic acid. She retired as usual the night before but stole out of the house during the night. Despondency because of protracted illness was the cause.

Rev. Williams Respected.

ATHENS, Ga., Nov. 17.—Alec Williams, the colored preacher, who was to have been executed Friday at Elberton, is respite for 30 days.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

SATURDAY, NOVEMBER 18, 1894.

The Joplin (Mo.) Herald is still an enthusiastic admirer of the President. It says: "Cleveland is the hope of the Democratic party to-day as he was in 1892, and he is the man who will lead the party to a position from which it will again be able to give successful battle to the enemy."

DR. J. P. HUFF, of the Vanceburg Sun, writes the BULLETIN that he has decided to enter the race for Doorkeeper of the next National House of Representatives. Since a Republican is to fill that position for a few years, the BULLETIN would be glad to see Br'er Huff the fortunate individual. He is a clever gentleman in every way, and has done his party good service in many of the contests of late years.

BRADLEY and Bosley—Colonel Bradley of Lancaster and Jack Bosley of the Winchester Sun—have been suggested as Republican candidates for Governor and Lieutenant-Governor at the next election. Both have been sacrificed on the party altar before, but a love for notoriety and a confidence inspired by the recent "landslide" may induce them to venture into the slaughter house again, remarks the Lexington Transcript.

The Maysville Ledger is devoting considerable of its space to publishing a list of industries that have resumed, crediting the same to Republican success last week. If the editor of the Ledger had been reading newspapers—he wouldn't have to confine himself to Democratic newspapers either—he could have given his readers the same information that he is now giving them several weeks before the election. The Ledger man needs to get a move on himself and give his readers something besides stale news.—Daily Irontronian.

For weeks before the election the Cincinnati Commercial Gazette, the leading Republican journal of the Ohio valley, published several columns of matter every Sunday telling of the business revival in the industrial world, but the editor of the Ledger doesn't seem to have "caught on" until after the election. As the Irontronian remarks, "he wants to get a move on himself and give his readers something besides stale news."

THE PRESIDENT'S HAWAIIAN POLICY.

A year or so ago President Cleveland was being roundly condemned for his Hawaiian policy, and the condemnation did not come wholly from Republicans. But time brings many changes, and it will likely work a change on this point before a great while. A few days ago James D. Hayne, of Honolulu, was in Cincinnati and was interviewed by a Tribune reporter. He is a writer of note and is now engaged on a volume touching the affairs and habits of the people of that country. In his interview he said:

"I am opposed to annexation and the Union party, though I have always been a Republican."

"The Constitutional Government is bound to live, though the Kanakas will always be opposed to it; but what can they do? A dozen Americans, wealthy and educated, own seven-eighths of Hawaii and control the islands absolutely. The lands have been spirited away from the ignorant Kanakas, and they are just waking to the fact that they are powerless, and without money or land, and they are wondering where their land has gone to."

"What is your opinion of Commissioner Blount's famous report to Grover Cleveland?"

"As I stated before, I am a Republican, but I believe that Blount made a fair and honest report, stating the exact conditions existing then and to-day, and I believe the Government will live to see the day that President Cleveland was right in one policy—his Hawaiian policy—if nothing else."

"Annexation hopes are not dead, though, by any means, and the party of Union hopes to see the day when it will come to pass. The Non-union party numbers about 300 of the 1,500 Americans."

WHAT DEMMIES MAY EXPECT

If the Republicans Ever Get Control of the Legislature of Kentucky.

WASHINGTON, Nov. 14.—Fired with a determination to retain control of the States recently gone anti-Democratic, the Republicans are formulating a scheme to re-apportion every Democratic State which has fallen into the hands of the Republicans. According to Chairman Babcock, gerrymandering in its worst form is to prevail. The plan proposed is to re-apportion both as to Legislative and Congressional districts, in the exclusive interest of the Republicans. It will probably be based on the Connecticut idea, where communities of 50,000 Democratic population have no more representation than those of 500 Republican population.

This is the dose in store for New Jersey and for those Southern States which have drifted from their moorings—Delaware, West Virginia, North Carolina and Missouri.

The Republicans are already boasting that Kentucky is really Republican now, and this scheme will be carried out if the Republicans in the Bluegrass State can secure the Legislature after the next election.

It is said that Delaware will be fixed so it will be impossible to ever send another Democratic Senator from that State. Another feature of Republican purposes is where it is practicable to organize Congressional smelling committees to go into the State with a view to prepare the way for Federal legislation in the interests of the Republican party.

These committees will be supplemented by Legislative committees in all States where the Republicans will have control of the result of the elections. The primary object will be to put under the heel of Republican partisan supervision all Democratic cities. While a Democrat is in the White House there can be no Federal election laws or force bill, but inevitably, if the Republicans regain possession of the White House, another force bill will be attempted.

The Barbering Law Unconstitutional.

Judge Thompson, of Louisville, decided Thursday that the law to prevent barbering on Sunday is unconstitutional. In deciding the case before him he discussed its history and quoted the general Sunday law, saying: "The only question in this case is whether the act is in violation of Section 59 of the new Constitution. It is manifest that the act of March 27, 1893, inflicted upon those following the occupation of barbering a special penalty, much more severe than that prescribed by the general law to other citizens, who pursue their avocations on Sunday * * * and the act under which this prosecution was instituted is within the prohibition contained in Section 59 of the Constitution, and is therefore void."

A Pleasant Entertainment.

The dollar social given by the Ladies' Mite Society of the Christian Church in the chapel Friday afternoon was one of the most enjoyable church entertainments of the season.

The chapel was handsomely decorated with chrysanthemums and vines. Between 75 and 100 people were present.

Each member of the society contributed one dollar and told in verse how she made it. The reading of these rhymes was an enjoyable feature of the programme. The reading was interspersed with musical selections by Miss Frances Cake and little Miss Clinkenbeard. Refreshments were served, consisting of tea and lady fingers. The net receipts were \$35.

Thanksgiving Entertainment

The spectacular part of the operetta of "Cinderella" which will be given by the pupils of the Cincinnati public schools at Pike's Opera House during Thanksgiving week, promises to excel in beauty and grandeur all former efforts. This entertainment is under the auspices of the Cincinnati Board of Education and the proceeds from it are to be used to purchase clothing for poor children. The cheap rate C. and O. excursion Wednesday, November 28th, will give you an opportunity to witness the grand spectacular production.

SARDIS AND LONGFELLOW.

Comments of County Superintendent Blatterman on the Schools at the Points Named.

SARDIS SCHOOL, DISTRICT NO. 28.
A ride of two miles over the dirt road from Rising Sun brings us to the scriptural village of Sardis. We do not know if the angel presides over the church in Sardis—and, if he does, which? But I believe there are a few names even in Sardis which have not defiled their garments; and they shall walk in white for they are worthy. Now this no doubt typical. Sardis is a remarkably neat, thrifty village, inhabited by good people who have not defiled their garments and who are "worthy." The trustees of this district are Andrew Wells, James Dillon and J. P. Wheatley. The teacher is R. E. Wilson, and his assistant Mrs. Wilson. Mr. Wilson is a highly educated and very competent teacher. He received a State certificate last summer and it was worthily bestowed. His school had good attendance and was progressing very satisfactorily.

LONGFELLOW SCHOOL, DISTRICT NO. 60.
About a mile east of Sardis is a beautiful school house built in modern style with every convenience and situated in a large and handsome lot. The trustees are Elzie Peyton, George Grover and Mac Calvert. Miss Lottie Wood is the teacher and has been four years. Her school is always satisfactory, and a source of pleasure to the Superintendent. Miss Wood has a remarkably well balanced disposition and governs her school admirably, and her scholars give evidence of careful training.

Business Reviving Under the New Tariff.

VALPARAISO, IND., November 15.—Business has taken a revival in the past week. To-day the California Remedy Company resumed operations after a suspension of six months, with a full force. The Cameron Brass Works yesterday received an order from a Chicago firm for 25,000 well valves, complete, and will double their force. The Armstrong Shirt Company has opened up with an increased force. The brass works at Porter Station resumed work with fifty men after an idleness of eight months. The Ft. Wayne Road has opened four night telegraph offices that have been closed for nearly a year, and new men are being put to work at all points near here.

ONE of the merchants of Falmouth was allowed to hang a large canvas sign across the street. It became loose at one end and the wind blowing it, caused it to scare the team of A. A. Wood, which ran away. Mr. Wood brought suit against the town and on the trial of the case the jury awarded him \$200 damages. The town took an appeal and the Superior Court has just affirmed the decision of the lower court, hence the town will have to foot up that amount together with the costs.

FITZSIMMONS KILLS HIS PARTNER.

Con Riordan Receives a Fatal Blow While Sparring.

SYRACUSE, Nov. 17.—Robert Fitzsimmons fatally injured Con Riordan, his sparring partner, last night in the first round of his usual exhibition, which closes the program of his vaudeville show. Jacobs' theatre was crowded to witness the entertainment and the audience departed for their homes, little knowing that Riordan was still unconscious. The blow was a righthander and caught Riordan squarely on the chin. He did not fall to the floor from the force of the blow, but sank slowly until he measured his length on the floor.

The accident occurred at 10:30 o'clock and two physicians worked over him with applications of electricity for two hours and a half without returning him to consciousness. He was then removed to the Hotel Candee. There the efforts to restore him to consciousness were renewed, and the aid of another physician was called on.

At about 3 o'clock he was in the same state of unconsciousness which he had been all evening, when his laborious breathing and nervous twitching of the muscles of his face and body warned the physicians that his death was approaching. At 3:15 o'clock his breathing had almost entirely stopped and at 3:30 Dr. D. M. Tottman pronounced him lifeless.

At his bedside at the time of his death were three physicians and about 20 members of the local sporting fraternity.

Fitzsimmons was arrested and taken to police headquarters at 2 o'clock. He seemed in low spirits at the outcome of the accident and implored the officers that he be not required to go to the bedside of the dying man.

When explaining the fight to the police he said that Riordan was only "taking his evening nap" and that he thought that he would come out all right. He said that Riordan had been drinking a good deal during the day, as he had been for a long time. The company were about to discharge him, as he was not lively enough when he came upon the stage with Fitzsimmons and he could not make the bouts interesting for the audience.

"I did not hit him hard," said he, "I only tapped him like that," striking an officer lightly on the cheek, "when he fell to his knees, he said 'Call time,' I did not think that I had hurt him and supposed he only wanted to escape punishment."

"We had only been on a few minutes when I made a pass at him. I hit him on the right cheek with the back of my right hand."

Fitzsimmons when informed of Riordan's death was much affected and burst into sobs.

Manager Glori stated that Riordan had been drinking hard all day and that he was intoxicated when he came on the stage for the set-to.

KNIGHTS OF LABOR.

Another Day's Doings of the Convention at New Orleans.

NEW ORLEANS, Nov. 17.—All of the delegates to the general assembly were present when Master Workman Sovereign called the session to order. The first business was to receive the report on the financial condition of the order, and it was reported now in the grand treasurer's hand a sum of \$9,000.

A schedule of the property in possession of the order was also presented. Among the items on the schedule was the Knights of Labor building in Philadelphia valued at \$60,000. Official Journal and plant, \$15,000; Canalburg (Ind.) coal mine, \$10,000; real estate at Homer, N. Y., \$24,000, and other smaller properties aggregating about \$95,000 in all.

The committee on law made their report, which was referred to the committee on distribution to be presented to the subcommittees, and few minor changes were made in the preamble of the order, but the motion to "elect grand officers for two terms of two years each" was defeated by a large majority.

A congratulatory telegram was sent to the National Grange now in convention at Springfield, Ills.

Interest is now centering in the election of officers, which will not be taken until the latter part of the session. Past Master Workman Powderly is now in the field and has a strong following against the present incumbent, Mr. Powderly declines to be interviewed and will not say he is after the office, nor will he deny the rumor that he is. He can not enter the assembly session without he is in possession of his traveling card, as he is a past member. So far he has not exhibited his card.

Adjournment was taken at 5:30 p. m.

Bank President Arrested.

BATIMORE, Nov. 17.—A special to The News from Bristol, Tenn., says: J. E. Crandall, president of the national bank of Johnston City, was arrested Friday by United States Marshall Condon on a writ charging him with making false statements as to the condition of the bank's finances. He was released under \$50,000 bail. The bank at Johnston City failed several days ago but the failure created no particular excitement. Mr. Crandall's arrest has caused a sensation.

Blizzard Abated.

OMAHA, Nov. 17.—The severe weather of Thursday night in northwestern Nebraska did little damage to stock. The blizzard has abated and the stockmen report no loss of importance unless it was on the isolated range from which reports will be slow in coming in.

Suffocated at a Fire.

BURLINGTON, Ia., Nov. 17.—Fire yesterday evening caused \$75,000 damage to the Boston clothing store. Oswald Pistorius, aged 17, was suffocated. Insurance on building and stock \$30,000.

The Cincinnati Will Take Part.

NEW YORK, Nov. 17.—The United States cruiser Cincinnati has left the Brooklyn navyyard for New London, where she will take part at the trial of the torpedo boat Ericsson.

NEW YORK, Nov. 17.—Total score: Schaefer, 2,548; Ives, 3,000. Highest run—Schaefer, 126; Ives, 126. Average of the night—Schaefer, 47.14.

RACING ON ICE.

New Movement Among the Trotting Fraternity Up North.

ST. PAUL, Nov. 17.—An enthusiastic meeting of the owners of trotting and pacing horses was held at the Metropolitan hotel. It was decided to form a permanent organization, which shall be known as the Capital City Driving club.

It was decided to have an ice track on the river, on which to speed, races being held and suitable prizes offered during the winter months, at which owners of horses outside the city will be invited to attend, and it is expected that many will come to the city with their strings of trotters and pacers in order to work them on the ice. It has been proved, both in Montreal and Minneapolis, that such practice is decidedly beneficial to animals that have had a hard season during the previous summer and are sore, to have joggings and speedings on the snow and ice. Speeding preserves both the health and condition of the animal and acts as a tonic on the weakened parts.

The track will be kept in the best possible condition during the entire winter after it freezes up, so that regular work can be given on it. Past horses have already been purchased by some of those interested in the movement. Report gives one a record this season of 2:06, another of 2:10, so that St. Paul will not have to take a second place with the visitors from Minneapolis or elsewhere.

Trans-Mississippi Congress.

BOISE CITY, Nov. 17.—Governor McConnell Friday appointed 10 delegates to represent Idaho at the Trans-Mississippi congress to meet in St. Louis Nov. 26. The governor has been invited to deliver an address in response to the address of welcome on behalf of the congress, and he will probably accept.

Prominent Physician Killed.

CHARLESTON, W. Va., Nov. 17.—Dr. A. B. Aultz, ex-member of the West Virginia legislature and prominent physician, fell from a Chesapeake and Ohio bridge near here, last night, and was instantly killed.

Indications.

Fair weather, preceded by local rain or snow in the early morning; moderate cold wave. Temperature will be below freezing Saturday evening and night; northwest winds.

THE NEW WORLD METROPOLIS.

Chicago Reaching For New York's Crown as Queen of the Continent.

This significant editorial appears in that very much alive New York paper, The World:

"Consolidation must take place or soon the pushing western city will appear upon the map as the queen of the continent. The figures are conclusive. In 1900, unless consolidation takes place, it will surely be smaller, and Chicago will utter a tremendous roar, which will echo and re-echo around the world, for New York will have lost the leading place, with all the power, prestige, importance and substantial benefits such a place brings. And Chicago will have it and make the most of it. The advantages of being the first city in population cannot be overestimated. It is an advertisement all over the world. It attracts capital and a thousand other benefits."

There is no help for New York. It must submit to the inevitable. Chicago is catching up at a pace that cannot be lessened. Chicago is bound by all laws of progress to pass New York within the near future and to take and keep the position of first city of the continent, foremost of the cities of the new world.

The usual statistical estimate of manhood voters is one to five of the entire population. Deducting the registration by women, which is comparatively insignificant, the population of the city of Chicago must be today more than 1,500,000, and remembering the rate per cent of increase in past decades, taking the average and accepting the mathematical demonstration, it will scarcely require the opening of a new century to find Chicago at the head of American cities.

It is true, as the New York newspaper says, "the advantage of being the first city in population cannot be overestimated. It is an advertisement all over the world. It attracts capital and a thousand other benefits."

The men who founded New York on its narrow strip of land were not far-sighted. They thought only of their immediate profits from trade. The men who founded Chicago were far-sighted. They thought of the future of their city, the destiny of their country. The former were foreigners who had no idea of becoming Americans. The latter were Americans. New York has continued to be a foreign city. Chicago has always been an American city.

Consolidation with Brooklyn will not avail New York now. Lack of Americanism is its constitutional defect. It is past repairing now, so far as predominance is concerned.—Chicago Herald.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

W. L. DOUGLAS, BROCKTON, MASS.

You can save money by purchasing W. L. Douglas Shoes.

Because we are the largest manufacturers of advertised shoes in the world, and guarantee the value by stamping the name and price on the bottom, which protects you against high prices and the middleman's profits. Our shoes equal custom work in style, easy fitting and wearing qualities. We have them sold everywhere at lower prices for the value given than any other make. Take no substitute. If your dealer cannot supply you, we can. Sold by Dealer, whose name will shortly appear here Agents wanted. Apply at once.

ENCOURAGED

By my unprecedented sales during the last season, and being determined to still further increase them, I have closed contracts for an immense stock of

Canned Goods and Fancy Groceries,

of all kinds, bought from first hands when the "scare was on," at extremely low figures for CASH. Having closed out all old goods, my stock will be new and clean and of the very best quality. I will continue my popular system of

Special Cut Prices to Cash Buyers,

so watch this space, as it will from time to time, during the season, contain some startling announcements. In the meantime, come right along with your cash and get more goods and better goods than you can at any other place. Remember "Perfection" Flour is the best. Our blended Coffee has no equal. Try them.
